PROFESSIONAL SUMMARY

Python/Django developer with hands-on experience building database-driven web applications using Python, Django, MySQL, HTML5, CSS3, and JavaScript. Skilled in Object-Oriented Programming, CRUD-based application development, RESTful API integration, and version control using Git and GitHub. Experienced in developing staff management functionality for a CRM (Customer Relationship Management) system, including Django models, views, templates, and form handling, along with responsive, user-friendly front-end interfaces. Comfortable deploying and hosting web applications on cloud platforms such as Render, PythonAnywhere, and Railway. Seeking to contribute strong software development fundamentals to a professional engineering team.

TECHNICAL SKILLS

- **Languages:** Python, JavaScript, SQL
- **Front-End:** HTML5, CSS3, JavaScript, DOM Manipulation, Bootstrap 5, Responsive Web Design
- **Back-End:** Python, Django, Django ORM, RESTful API Integration, Form Handling
- **Database:** MySQL, SQL, Relational Database Design, CRUD Operations
- **Programming Concepts:** Object-Oriented Programming (OOP), Data Structures, Web Application Development, Debugging
- **Deployment & Hosting:** Render, PythonAnywhere, Railway, Cloud Deployment
- **Tools & Platforms:** VS Code, Git, GitHub, Version Control, Cisco Packet Tracer, MS Office

PROJECTS

CRM – Staff Management Module | *Python, Django, MySQL, HTML, CSS*

- Developed and maintained staff management functionality for a Django-based CRM (Customer Relationship Management) application integrated with a MySQL relational database.
- Built a Staff Dashboard providing organized access to staff-related information and operations.
- Developed Staff Management interfaces for viewing and managing employee/staff records.
- Implemented Add Staff and Edit Staff functionality using Django views, models, and forms to handle CRUD operations and form validation.
- Designed responsive, user-friendly interfaces using HTML and CSS for staff-facing pages.

AI Resume Analyzer Using Django | *Python, Django, NLP* | [Live Demo](#)

- Developed an AI-powered resume analyzer using Python, Django, and NLP techniques to evaluate resumes against job descriptions.
- Implemented skill extraction, keyword matching, and resume scoring, with a clean UI for an improved user experience.

Simple Weather Application | *HTML, CSS, JavaScript* | [Live Demo](#)

- Developed a weather application using HTML, CSS, and JavaScript that fetches real-time weather data from a public API.
- Implemented city-based search and dynamic UI updates using DOM manipulation to display temperature and weather conditions.

INTERSHIP

Python Django Internship Certificate – UltraGits (2024) | [View Certificate](#)

EDUCATION

Bachelor of Engineering – Computer Science Engineering

SBM College of Engineering and Technologies | 2022 – 2025 | CGPA: 8.6 / 10

Diploma – Electrical and Electronics Engineering

SBM Polytechnic College | 2020 – 2022 | CGPA: 9.3 / 10

Secondary School Certificate

Government High School | 2017 – 2018 | Percentage: 71.4%

CERTIFICATIONS

- Python Essentials Certification – Cisco (2026) [View Certificate](#)
- JavaScript Certification – FreeCodeCamp (2026) [View Certificate](#)
- Responsive Web Design Certification – FreeCodeCamp (2025) [View Certificate](#)
- Introduction to HTML Certification – Simplilearn | SkillUp (2025) [View Certificate](#)
- Full-Stack Development 101 – Simplilearn | SkillUp (2025) [View Certificate](#)
